Service Marks/Trademarks of Cotton Incorporated. © 2019 Cotton Incorporated.

THE RIGHT COTTON. THE RIGHT PLACE. THE RIGHT TIME.

COST SAVINGS

- + Prevent underspinning that can result in costly customer returns.
- + Prevent overspinning by only using premium cotton for deserving yarn.
- + Reduce need for large amount of on-hand bale inventory.

CONSISTENT QUALITY

- + Create uniform mixes that minimize variation.
- + Take control of cotton fiber properties using MILLNet™ Pick engine.

MANAGEMENT TOOLS

- + Top management can easily review snapshots of mill operations.
- + Cotton buyers clearly know what inventory they have, so they know what they need.
- + Spinning/QC managers have analytical tools and reports to evaluate and track quality.
- + Warehouse managers can use inventory reports/graphs to streamline bale movements.

INVENTORY & CONTRACT MANAGEMENT

- + Group similar bales together for organized and efficient retrieval.
- + Contract management features allow the tracking of incoming cotton against contract terms, simplified bale pricing, and overall cost control.

COTTON BENEFITS

- + Priority access to Cotton Incorporated technical and marketing services.
- + Products are promoted in online sourcing directory and various trade media.

THE RIGHT COTTON. THE RIGHT PLACE. THE RIGHT TIME.

What is MILLNet™ software?

A software package designed to help spinning mills select the right cotton for the right end product and to:

- + Better manage cotton contracts and inventory
- + Produce laydowns of consistent quality
- + Produce an array of invaluable management tools
- + Reduce raw material costs

Why MILLNet™ Software?

With proven success and positive results, industry leading spinning mills all over the world reap the benefits of MILLNet™ software allowing them to spin cotton to its maximum value.
